

APRIL 2010

Arapahoe, Elwood and Holbrook Cable TV Customers:

Check out Channel 99 for our channel guide!!

You can see what's playing on TV right now, as well as current weather conditions including relative humidity, temperature, visibility, wind direction and speed. Also listed is a 3 day forecast for our area from AccuWeather.com.

DON'T BE DIGNORANT !

With spring around the corner, lots of home construction projects are getting underway. Anything from putting in underground sprinkler systems or putting up new fences to building garages and home additions. Don't forget to call before you dig in order to locate any underground utilities. You **must** call the Diggers Hotline at least two **working** days before you dig and they will contact the utility companies in your area to perform the line locates.

Diggers Hotline Nebraska — 811

APRIL HOLIDAY FUN FACTS

APRIL FOOL'S DAY - Thursday, April 1st

No one really knows when this custom began but it has been kept for hundreds of years. Traditionally, in a few countries, the jokes last until noon: somebody who plays a hoax after midday is called an "April Fool". In The United States, France, and Ireland, the gags last the entire day.

EASTER - Sunday, April 4th

Easter is the second top-selling confectionery holiday behind only Halloween. The Easter egg roll on the White House lawn has been a tradition since 1878.

Red jelly beans are kids' favorite.

90 million chocolate Easter bunnies are made for Easter each year. Easter egg dye was marketed at 5-cents a packet for the first time in 1880.

DON'T BE FOOLED BY FRAUDULENT EMAILS

Do you find yourself reading emails that you yourself do not know if they are true or not. Here is a list of 6 types of email scams to be aware of when checking your email. Remember to never respond with personal information to these types of emails and never open website links that are included in these emails. As the old saying goes, if it sounds too good to be true then it probably is.

1. **Advance Fee Fraud** : Payment is required to 'release' some much larger amount which is held by a third party. *There is no 'millions', Mrs Abacha doesnt have the money either.*
2. **Lottery Scams**: Payment is required to get your huge unsolicited lottery winnings transferred into your country/bank account. *There are no 'winnings' , except for the scammer!.*
3. **Phishing**: Official-looking emails from large internet banking and online services (PayPal, eBay, South Trust, US Bank etc etc) which ask you to 'confirm' some details. *Always asks you to enter your credit card. The credit card details are used or sold on.*
4. **Auction Scams**: Simple scams using eBay or Craigslist to take either your money, your property or both. *Watch out for 'Second Chance Offers' on auctions you did not win!*
5. **Employment Scams**: Employment is offered processing international payments. Certified check is paid into your bank account, you deduct your 'commission' and send on the rest. *The check turns out to be a fake or you get prosecuted for Money Laundering!.*
6. **Financial/Investment Scams**: Including High Yield Investment Plans (HYIPs), Ponzi Schemes, Fake 'Affiliate' schemes and Multi-Level Marketing (MLM) scams. Basically offering huge unrealistic returns on investments which turn out to be fraudulent, illegal or non-existent. *The best acronym is DYOR (Do Your Own Research).*

WEATHERING STORM OUTAGES

Here are a few suggestions on things to check if you should lose your telephone or computer service after a storm. Power outages caused by lightning seem to be the main problem, causing cordless phones, answering machines, modems and routers to malfunction. Satellite receivers with pay per view modems can also lock up a phone line after an outage. If you experience outages after a storm, try unplugging these items from the power source and the phone jack, if necessary. After everything is disconnected, reconnect them one by one to see if power is restored.

If you still experience an outage after checking **all** these devices, please call us at 611 to report telephone trouble or 866-222-7873 to discuss your problem with accessing the Internet.

GET CREDIT FOR YOUR CONNECTIONS

It's been awhile since you've had a reminder about our referral credit program for dialup and wireless referrals, so this seemed like an excellent time to refresh your memory!

When you refer a new client to ATCJET.NET we'll apply credit to your next statement. If you refer a dialup Internet customer we'll give you a credit of \$10. If you refer a wireless customer, we'll give you a \$50 credit. The customer must be new to the service they sign up for and they must give us your name and phone number to enable us to apply the credit to your account.

We appreciate your business and your support of our business so we're happy to give you credit for your connections.
