

AUGUST 2010

DON'T BE DIGNORANT!

With summer going hot & heavy, lots of home construction projects are underway. Anything from putting in underground sprinkler systems or putting up new fences to building garages and home additions. Don't forget to call before you dig in order to locate any underground utilities. You **must** call the Diggers Hotline at least two **working** days before you dig and they will contact the utility companies in your area to perform the line locates.

Diggers Hotline (Nebraska)
800-331-5666

Arapahoe, Elwood and Holbrook Cable TV Customers:
Check out Channel 99 for our cable tv channel guide!!

You can see what's playing on TV right now, as well as current weather conditions including relative humidity, temperature, visibility, wind direction and speed. Also listed is a 3 day forecast for our area from AccuWeather.com.

INFORMATION ABOUT CPNI

In the normal course of providing telephone service, ATC Communications maintains certain information about customer accounts. This information, known as Customer Proprietary Network Information or CPNI for short, includes information typically available from details on your monthly bill, including calling patterns, types of products and services in use, and long distance and local service billing records. CPNI does not include your name, address, or telephone number.

A ruling by the Federal Communications Commission (FCC) allows us to choose the way customers grant permission to access CPNI data. This change helps us easily access your CPNI information so we can tell you about ATC Communications products and services, packages and promotions that may be of value to you. It saves you time and potentially, money.

This policy and process in no way alters our commitment to your privacy. ATC Communications does not sell CPNI to unaffiliated third parties and abides by the federal and state CPNI rules that apply to all telecommunication carriers. On December 8, 2007, this new FCC policy went into effect which slightly changed how requests for information are handled as well as what information is available and to whom. Please feel free to call us at 888.565.5422 if you have any questions.

IT'S BACK TO SCHOOL!

Arapahoe Public School – Channel 51
Elwood Public School – Channel 52

Applied Communications Technology Inc. wishes to remind all patrons of the local cable TV channels for each of the school districts we serve. We have been a strong supporter of both schools and are excited about the opportunities these two channels provide for each school system and their patrons. Each school is responsible for posting their own information they wish to provide, including such things as their weekly lunch menus, events calendar to special announcements. They will also be able to replay sporting events, school activities, and school programs as they see fit. So, next time you are out channel surfing take a moment to view these channels and see what is going on at your local school.

HAVE YOU HEARD THESE BACK TO SCHOOL FUNNIES?

Q: Why did the music teacher need a ladders?
A: To reach the high notes.

Q: What is white when it is dirty and black when clean?
A: A blackboard!

Q: What did the pencil sharpener say to the pencil?
A: Stop going in circles and get to the point!

Q: Why did the kid study in the airplane?
A: Because he wanted a higher education!

Summer vacation was over and Little Johnny returned back to school. Only two days later his teacher phoned his mother to tell her that the was misbehaving. "Wait a minute," she said. "I had Little Johnny with me for three months and I never called you once when he misbehaved!"

ATTENTION: ATC EMAIL CUSTOMERS SPAM EMAILS:

Recently ATCjet customers have been receiving spam that looks like it came from ATC support staff. Other times customers have received spam that appears to come from their bank, their credit card company, the IRS or the FBI.

DO NOT RESPOND TO THESE TYPES OF EMAILS!!

Things to remember when deciding whether or not to respond to an email that looks like it came from ATC or any other organization that may have sensitive information about you.

1. The IRS or the FBI or any other government entity will not send you an email if they are trying to contact you.
2. ATC or your bank or credit card company already know your account information and will not request that information from you via email.
3. If you have a question about an email, call us and we will be glad to help you determine if it is legitimate. Better safe than sorry!

ATTENTION ELWOOD CUSTOMERS!
STARTING JULY 1ST, 2010
ATC PAYMENTS OR INSTALL FEES WILL NO LONGER BE COLLECTED AT THE VILLAGE OF ELWOOD OFFICE FOR ELWOOD CUSTOMERS

PLEASE PAY BY MAIL, ONLINE, OR AT THE ARAPAHOE OFFICE
